Vision for the Currier and Ives Scenic Byway

The Currier and Ives Scenic and Cultural Byway will serve as an enduring common link among the communities of Henniker, Hopkinton, Warner, Webster, and Salisbury. The communities are committed to both preserving and enhancing the Byway's unique scenic, historical, cultural, natural, and recreational qualities. The Byway represents a traditional New England experience from its country roads and scenic vistas to its vibrant historical villages. Through a balance of preservation and sensitive economic development that respects the natural features of the area, the Byway will be promoted as a treasured resource for current and future generations of residents and visitors alike.
