

Greener Hopkinton Meeting Notes 8/15/13

Attended: Mary Leadbeater, Rosalie Smith, Brenda Lewis, Barbara Fales, Sara Persechino, and Nancy Jackson-Reno

Agenda:

1. Recycled Art
2. Energy Resolution
3. Community Garden

1. Recyled Art:

- Exhibit will be the month of November. Set up on Friday, November 1st, take down on Saturday, November 30th.
- The cabinet is 4' high, 14" deep, and 43" long. It has 4 shelves, with 3 that are adjustable
- We agreed that artists could be invited outside of Hopkinton from neighboring towns.
- The artists need to know that there is no insurance provided. Mary is going to borrow art release form from Historical Society.
- Discussion about signage and name, "Recycled Art, Repurpose & Reuse. Look at what you can make!" "Trash to Treasure." Nancy can help with signage.

Following is the list of possible artists under the name of person responsible for contacting them. We will need 2-4 lines (bio, process, medium), and their business card if they have one. For Greener Hopkinton September's Meeting we will need name and as much information as you can provide. For Greener Hopkinton October's Meeting we will need any missing information and the artist's art.

Mary

Abbie Bauer (sp?) from Warner – works with rubber and does beautiful feather earrings, etc.

Donna Fisher from Warner – 387-3454

Brenda & Rosalie

Rosalie Smith – 746-5781

Jennifer Wolfe – salvage glass paintings

Michelle Zydenbos – cardboard into pendants and beer bottle caps into earrings

Molly Fredyma – license plates into artwork

Bethann will ask Joell Gaskill and Steve Lajoie if they would like to make contributions. Steve makes collages with used building materials, barn boards, etc.

Nancy

Liz Vasant – mosaics

2. Energy Resolution The committee briefly discussed the presentation of the draft resolution for municipal energy conservation to the Board of Selectmen. The Board requested some edits. We will approach the Board with the suggested changes in the coming weeks.

3. Community Garden Overall, the area was too wet this summer for the gardens to be successful.
