**Old Business**

- Bohanan Woods Road - Discussion of way-finding information Bohanan east side woods roads. Blazes will be sufficient for much of the route. Location and possible content of a few signs was identified, as well as places that need arrows. Laminated signs seem to be the most practical option. Bob LaPree offered to design layout and text for signs and circulate to committee members. Bob also offered to create wooden backings to be attached to commercial metal fence posts to hold signs and arrows. Dijit offered to purchase plastic arrows. Rob and Ron to alert Conservation Commission of need for funds for signage elements. Need to set a date to blaze trail and install signs and arrows. A "Please park at Bohanan Farm" sign is proposed for near the entry to the walking route.
- Bohanan Boat access – Lucia to check with Jamie to see if he has made any progress on plan with NH Fish and Game Department
- Website – Anne Deeley has all the map information she needs to progress. We still have not provided text about the two parcels. Bob and Dijit talk about meeting on site with Susan to walk and talk about what should be included.

**Updates**

We lack up to date information about status of Rice and Rollins. Rob will check and provide for next meeting.

There being no other business, the meeting adjourned at 9 p.m.

Respectfully submitted, Dijit Taylor, recorder
