Matthias Marklin reported that the schools are now participating in single stream recycling serviced by Waste Management. The high school Interact Club created signs for use at the school's recycling receptacles.

The committee discussed strategy to defeat the petition warrant article for discontinuing the PbB program. The committee decided to distribute flyers at school meeting encouraging supporters of PbB to attend the Town Meeting to defeat Article 9 rescinding PbB. Mary Leadbeater will set-up a RC table at school meeting and will sell composting equipment as in past years. The members will compile statics showing the success of PbB for the flyer and email list distribution.
