

Hopkinton/Webster Recycling Committee

December 11, 2013

Present: Mary Leadbeater, Ginni Haines, Annie Yonkers, Sally Embley, Webster rep
Sara Persechino, Selectboard rep

Absent: Rosalie Smith

Guests: Brittany Marshall (Sr), James McCluskey (Jr), Taylor Yianakopolos (Sr.), Hanna Hughes (Sr), Evan Ruderman (Jr) from Hopkinton High School Interact Club, Civics class, interested students

Meeting called to order at 7:04 pm at the Slusser Senior Center

The High School students were in to continue the discussion about recycling problems in the cafeteria and their plans on how to deal with it. They have lots of energy and some great ideas, and will work on their own for now but know that they can call on the Committee if they need help. They think that there are about 20-30 (maybe more) active members of the Interact Club. Volunteer opportunities are needed for student extra-curricular credit so they may be able to recruit help for trash pickup day, Swap Shop, etc.

Approved November meeting Minutes

Sally reported on the recent Landfill Committee meeting. The Webster Selectmen are OK with using Recycling Revolving Funds monies to fund the shelter. Volunteers may be needed.

The "Why I Recycle" article featuring Lynda Kimball seems to be lost. Ginni will forward to Sara again.

Hydration Station: No activity on this until Spring.

No update on Compost Bin sale from NRRA

Townpeople have asked about a second town-wide trash pickup day, maybe in the Fall

Ginni will work on the report for the Town Report, due by Jan 6.

Adjourned at 8:15 pm

Next meeting: January 15, 2014 - Local History Room at the Library, 7:00
