II 2014 Projects: John Thayer showed us a preliminary plan of Penacook Road project. This project would be a major rebuilding of the road from Main St. to the intersection of Indian Ridge Rd. Robert Lapree was in to suggest that this project include provision for pedestrian and bicycle traffic. General consensus of the committee agreed this should be included in the plan, several options were suggested. Also, the committee felt if affordable, a sewer main with stubs to each property should be included for future use.

This plan will be shown to the Board of Selectmen by Hoyle Tanner Engineers at their meeting on October 7, 2013. John Thayer will ask them to have a cost estimate for that meeting, as that will determine if we can pursue this project.

III Other: We all were shown the new Highway Garage, which is near completion.
