

DRAFT MINUTES OF THE MARCH 29, 2016 ROAD COMMITTEE MEETING

Meeting was called to order at 6:03, with members John Chandler, Lester Cressy, Kent Symonds and David White, Dan Blanchette DPW Director, and Ken Traum Selectman Rep. attending. Scott Coen was absent.

Lester reported he had been notified by Neal Cass that Kent Symonds and Scott Coen's terms were expiring. Neal had asked if both would want to be reappointed. Kent stated that he was moving to New London in June of this year, so he would not be able to stay on the committee. Lester stated he would like to have Scott stay on if he could make the meetings. A few candidates were discussed, and it was decided it would nice if we had a member that was on the Fire Department. Lester suggested a couple of names, everyone agreed he should see if either would be willing. If Scott decides to not be reappointed, there were some other names mentioned.

Dan reported he was about ready to have the Penacook RD project go to bid. He has picked the tree contractors to bid, and will have them meet at the site to go over the project with all of them. He also reported John Brown land clearing would be cutting the trees along Stumpfield RD next week. This was a project that needed to be done for a long time, and the town does not have the means to do it with our own equipment.

Dan also mentioned he was going to try to get the engineering for all the culverts done at once, in hopes of saving considerable funds.

There being no other business to discuss, meeting adjourned at 7:08.
