Old Business:

a. Donations: A representative from the town will meet with the council in the near future. We need more information on the trust fund that was set up with the original money from the first flea market - interest from the fund to be used for maintenance or additions to the senior center. The principle cannot be spent.

b. Publicity: The first news letter has been printed - got great reviews. Copies have been put in various locations in town and have been handed out by seniors. There are still copies at the front desk at th

e Center. *If you have an idea for a name for the news letter, there is an envelope at the front desk.*

A name will be chosen from the suggestions.

c. Open House: If you are interested in being on a committee to set up an open house at the Senior Center in October or November, there is a sign-up sheet at the front desk

New Business

a. Calendars for the month of August were filled out

b. Bench for entrance to Houston Grounds: *It has been suggested that a bench be placed at the entrance to Houston Drive so that walkers might have a place to rest. Janet said the town*

has two that were in the triangle where the service monuments were. She will inquire if they might be available

c. The new file cabinet for line dancers and strong living exercise classes has arrived and is in use.

Citezens Forum

Merle: Extension rod on center curtain in dining room needs to adjusted so that it will not fall down.

- Merle: She was at a meeting when power went out. Emergency lights came on but no lighting on the outside of building.
- Janet: we do not have a generator - emergency lighting makes it possible to vacate the building
- Jon: Wire Code law - the lights are meant only to warn people to vacate the building
